Laguna-Dominguez Flood
Control System
Dominguez Channel
Permit Application No. 43033
Construction of Suspension bridge
Fourth District

Honorable Board of Supervisors
Los Angeles County Flood Control District
501 Hall of Records
Los Angeles, California

Gentlemen:

We recommend that your Honorable Board grant a permit to the Defense Plant Corporation, acting by and through the Shell Chemical Company, to construct a suspension bridge across the Dominguez Channel approximately 2,400 feet above Avalon Boulevard subject to the provisions on the attached form.

The pipe line structure is a part of a war plant which requires a crossing of the Dominguez Channel at this location.

No District interests or functions will be impaired.

Yours truly

Permit Application No. 43033

LOS ANGELES COUNTY FLOOD CONTROL DISTRICT
751 South Figueroa Street
Los Angeles 14, California

File No. 72

Stream Dominguez Channel Permit No. 43033
After Board of Super-
Date Issued visor's approval Expires Upon 60 days written notice
Defense Plant Corporation (Acting by and
through the Shell Chemical Company) is hereby permitted to construct a sus-

pension pipe bridge across the Dominguez Channel approximately 2,400 feet above Avalon Boulevard, as per application dated March 31, 1943 and Drawing No. FD 158 submitted therewith

under the authority of the Board of Supervisors of the Flood Control District dated Board's approval subject to the general conditions listed on the reverse side hereof in addition to the following specific provisions:

1. The bottom of the proposed bridge shall not be constructed below 15 feet U.S.G.S. datum.
2. The construction of the suspension bridge shall be in accordance with the approved construction methods under the District's supervision insofar as the District's right of way is concerned.
